The Ultimate Guide to Note-Taking | kate{mats}

Note-taking (sometimes written as notetaking or note taking) is the practice of recording information captured from another source. By taking notes, the writer records the essence of the information, freeing their mind from having to recall everything. Notes are commonly drawn from a transient source, such as an oral discussion at a meeting, or a lecture (notes of a meeting are usually called ...

etc. 3.7. Don't Take Notes on a Computer By the way, I do not recommend taking notes on a laptop computer during class. Certainly you should not do this unless you are a very good typist and have "compiled" your word-processing or text-editing program into your fingertips. (In any case, typing can be very noisy and disturbing to your fellow students!)
