The Future of Financial Services - World Economic Forum

The International Economic Development Council (IEDC) is a non-profit membership organization serving economic developers. With more than 5,000 members, IEDC is the largest organization of its kind. Economic developers promote economic well-being and quality of life for their communities, by creating, retaining and expanding jobs that facilitate growth, enhance wealth and provide a stable tax ...

IEDC Staff - International Economic Development Council

The global financial system is the worldwide framework of legal agreements, institutions, and both formal and informal economic actors that together facilitate international flows of financial capital for purposes of investment and trade financing. Since emerging in the late 19th century during the first modern wave of economic globalization, its evolution is marked by the establishment of ...

Global financial system - Wikipedia

The perception of wealth influences how families use their financial resources to achieve personal and family goals. The Family Bank is seen as an important factor in helping meet these goals.

Finance is a field that is concerned with the allocation of assets and liabilities over space and time, often under conditions of risk or uncertainty. Finance can also be defined as the art of money management. Participants in the market aim to price assets based on their risk level, fundamental value, and their expected rate of return. Finance can be split into three sub-categories: public ...

Feature Story Pakistan's rise to zero. At a busy toll plaza in Kohat, Pakistan, a three-member vaccination team is working fast. Outfitted in blue Rotary vests and flanked by armed military personnel, Rotary vaccinators wade through a sea of traffic to find any child who hasn't received the polio vaccine.
