A natural building involves a range of building systems and materials that place major emphasis on sustainability. Ways of achieving sustainability through natural building focus on durability and the use of minimally processed, plentiful or renewable resources, as well as those that, while recycled or salvaged, produce healthy living environments and maintain indoor air quality.

While revivalists like Mohammed Naveed insist Islamic Banking is "as old as the religion itself with its principles primarily derived from the Quran", secular historians and Islamic modernists see it as a modern phenomenon or "invented tradition".. Early banking. According to Timur Kuran, by "the tenth century, Islamic law supported credit and investment instruments" that were "as advanced" as ...
