The T-cell receptor, or TCR, is a molecule found on the surface of T cells, or T lymphocytes, that is responsible for recognizing fragments of antigen as peptides bound to major histocompatibility complex (MHC) molecules. The binding between TCR and antigen peptides is of relatively low affinity and is degenerate: that is, many TCRs recognize the same antigen peptide and many antigen peptides ...

In Catholic canon law, affinity is an impediment to marriage of a couple due to the relationship which either party has as a result of a kinship relationship created by another marriage or as a result of extramarital intercourse. The relationships that give rise to the impediment have varied over time. Marriages and sexual relations between people in an affinity relationship are regarded as ...

John T. Corthell Ph.D., in Basic Molecular Protocols in Neuroscience: Tips, Tricks, and Pitfalls, 2014 Antibody techniques refer to antibodies as primary, secondary, and tertiary (1°, 2°, and 3°, respectively). The primary antibody is the one that binds to your target. If you are examining ?-amyloid protein and your antibody comes from a rabbit, then your primary antibody is called rabbit ...

1. Introduction. Drug discovery and development is a time-consuming and costly process. Based on the study by the Tufts Center for the Study of Drug Development (2016) 1, on average, it takes more than 10 years and over \$2.6 billion to develop a new drug. One of the biggest challenges for the pharmaceutical research community is therefore to execute an optimal process for drug discovery and ...

Charles Baudelaire est un poète français. Né à Paris le 9 avril 1821, il meurt dans la même ville le 31 août 1867. « Dante d'une époque déchue [1] » selon le mot de Barbey d'Aurevilly, « tourné vers le classicisme, nourri de romantisme [2] », à la croisée entre le Parnasse et le symbolisme, chantre de la « modernité », il occupe une place considérable parmi les poètes ...

Même si le terme philosophie morale n'apparaît qu'à partir d'Aristote dans l'Éthique à Nicomaque, les questions éthiques ont été au centre de la philosophie depuis les présocratiques. Problèmes fondamentaux de la philosophie morale. La philosophie morale porte principalement sur la finalité de l'action et cherche à résoudre les questions qui peuvent se poser dans la délibération ...
