Pharmacy is the science and technique of preparing, dispensing, and review of drugs and providing additional clinical services. It is a health profession that links health sciences with pharmaceutical sciences and aims to ensure the safe, effective, and affordable use of drugs. The professional practice is becoming more clinically oriented as most of the drugs are now manufactured by ...

The basic requirement for pharmacists to be considered for registration is an undergraduate or postgraduate pharmacy degree from a recognized university. In many countries, this involves a four- or five-year course to attain a master of pharmacy degree (MPharm). In the United States of America, students graduating after January 1, 2003, must complete a doctor of pharmacy degree to become a ...
