There are lots of different ways of understanding and relating to voices and other similar sensory experiences. Some people view their experiences as a symptom of a mental health problem, relating to diagnoses like psychosis, schizophrenia, anxiety, depression or PTSD.

### **About Voices - Intervoice**

Positive liberty is the possession of the capacity to act upon one's free will, as opposed to negative liberty, which is freedom from external restraint on one's actions. A concept of positive liberty may also include freedom from internal constraints. The concepts of structure and agency are central to the concept of positive liberty because in order to be free, a person should be free from ...

There is some very substantial confusion with regards to the Organic Act of 1871 in here-the act very basically overturned the Organic Act of 1801, which set up the government of the District of Columbia itself(i.e. the territory granted to Congressional

jurisdiction for the capital city) while allowing the two existing municipalities of Georgetown and Alexandria to retain their existing ...
